Introduction of State Rep Terry Morrow-St Peter, MN – Assistant Majority Leader

There is a budget that has to be balanced for 4 years. There is a desire to pass the pension taxation bill. The bill has not come through the committee yet. It was a feel good thing and the amount was too low. Where do you get the \$20 million dollars from? There is no back up as to where the money is derived. There is a need to look at the income that the state will generate by having the retirees enter into a second career. The Rep Newton/Severson bill HF715 on Service Disabled Veteran Owned Businesses passed muster and is going through the same procedure in the Senate. There needs to be better coordination of transportation from the smaller communities to the veteran homes in both the twin cities and St. Cloud. – Morrrows email - terry.morrow@house.mn
